George Hill

The popular and energetic President of the Sidney Athletic Association, who is doing much to make the First of July sports a success.

FERRY COMMITTEE APPOINTED

Indications Are That This Scheme Will Soon Be Taken Up by the Government.

In connection with the matter of a car ferry service between Mill Bay and the Saanich Peninsula, the question may be said to have taken hold. A joint committee has been formed of representatives of the Victoria Chamber of Commerce, Victoria and Island Development Association, Associated Boards of Trade of Vancouver Island, Victoria Automobile Club and other kindred organizations. A meeting was held last Monday and a special sub-committee is at the present time obtaining data relative to the cost of operation, number of cars, freight, etc., and will report back as soon as all information is procured.

UNION PICNIC LAST MONDAY

Sunday School Scholars Enjoyed Outing on Galliano Island Last Thursday

(Review Correspondent.)
GALLIANO ISLAND, June 28.—The Sunday School picnic on June 23 was a great success, the day being perfect and the warm sun made the ice creams particularly acceptable to all. There were about forty people in the party, and they were conveyed by scow to Cayzer Bay, leaving Murcheson Bay at 11 a.m., returning about 4.30 p.m.
A party of surveyors working under the Geological Survey of Canada is now camped at Montague Harbor. Mr. John McKenzie is in charge, and considerable data is being collected in regard to conditions on the island. A soil survey is also being made. The party expects to be here for another week at least, and will then proceed to South Pender Island.
Mr. Hedley Reesor left for his home in Vancouver on Monday last after spending over two months on Galliano.

CADET'S FIELD SPORTS TODAY

Large Number of Cadets Arrived Here Last Monday From Vancouver and Victoria.

The usually quiet town of Sidney took on quite a martial air on Monday last when over 700 Cadets with their officers and instructors arrived for a week's training under canvas. The Victoria boys were the first to arrive and numbered 188 between the ages of 9 and 16. About 5.30 p.m. the Princess Mary, bringing 544 more from Vancouver, arrived at the wharf, and quite an enthusiastic throng turned out to witness their arrival. Headed by their band the boys marched up Beacon avenue like veterans.
The camp which is situated on Beacon avenue, just above Fifth street, was laid out during last week by a party of men from Esquimalt, and everything was in readiness on the arrival of the cadets.
The Commanding Officer is Lieut.-Col. C. C. Bennett, D.S.O., of the Headquarters Staff, M. D. No. 11, Capt. Woods, M.C. and Bar of the P. C. L. L. is Adjutant, and Capt. W. H. Daves is in charge of supplies and transport.
There is a well-equipped hospital

attached to the camp in charge of Col. Anderson, D.S.O., and Nursing Sisters Saunders, R.R.C.

The Y. M. C. A. has supplied a canteen where the boys will be able to purchase drinks, candies, etc., and also be supplied with writing paper. This afternoon the boys are holding a sports day, as the Vancouver contingent brought over quite a collection of cups and prizes to be competed for. The Athletic Park has been turned over to the camp for the Cadets to use while staying here, and they have also been included in the Dominion Dya sports.

This afternoon the Cadets are holding their sports, which commenced at 1 o'clock. Preliminaries for these sports took place last Tuesday evening, which consisted of the following: Midgets, 75 yds., junior 100 yds., seniors 100 yds., and the junior high jump. The finals in these events will be decided today. The winners of today's events will be the competitors in the Dominion Day sports to be held at the Athletic Park tomorrow.

The following is the programme for the Cadet field sports for today:

Midgets
Boys under 13th birthday.
75 yds., relay race (4 boys from each company, 75 yds. each; throwing the baseball for distance, three-legged race, wheelbarrow race.

Junior
Boys under 15th birthday.
100 yds., 220 yds., 440 yds., high jump, broad jump, chin the bar, relay race (4 boys from each company).

Senior
Boys 15 and over.
100 yds., 220 yds., 440 yds., high jump, broad jump, shot put, one-half mile, relay race (4 boys from each company).

The Cadets are also holding a knock-out baseball tournament, for which the Y. M. C. A. is offering a pennant. Four teams from Vancouver and two teams from Victoria are competing.

Included in Fridays events there will be a grand march past Brig.-Gen. J. M. Ross, C.M.G., D.S.O., General Officer Commanding Military District No. 11, taking the salute. The Cadets will leave the camp by Mount Baker avenue to Third street, thence to Beacon avenue, from there to the sports ground.

ACCIDENT TO TOD INLET GIRL

Little Rose McKenzie Had Her Finger Pierced by Fish Hook Last Tuesday

(Review Correspondent.)
TOD INLET, June 28.—The steamship Prince Albert called here during the past week, and received a shipment of cement for northern B. C. ports.

Mr. and Mrs. F. Stephens entertained friends on Sunday afternoon. Mr. and Mrs. R. P. Butchart left for Tacoma on Saturday where Mr. Butchart will attend the golf tournament.

Master Billy Gibson, of Victoria, spent Thursday at the home of his friend Master Jackie Knappenberger. Little Rose McKenzie met with a painful accident on Tuesday morning when her finger was penetrated by a small fish hook. All efforts to remove it proved in vain and it was finally necessary to take the little one to Victoria where the proper skill and instruments were procurable to quickly extract this troublesome bit of steel.

Mr. and Mrs. Knappenberger and sons attended the Wilwanda picnic at Mount Douglas Park on Tuesday.

Mr. H. L. Knappenberger attended the weekly luncheon of the Kiwanis Club which took place at the Elks Club Victoria. Being one of the programme committee for that week he assisted in preparing an entertainment of merit which was well received by the members in attendance.

Mr. F. Pike paid a visit to Bamberton cement works on Tuesday evening.

Mr. F. Reese was a visitor to Bamberton on Wednesday evening.

Mr. W. Witty, of Bamberton, spent the week-end in Victoria.

Mr. J. B. Tuhman, of Bamberton, spent Saturday at his home at Keating.

Mr. Pike assumed his new duties at Bamberton on Tuesday, and Mr. Lefaux left here for the same place on Wednesday.

MAILS TOMORROW.

The Sidney post office will be open tomorrow from 9 to 10.30 a.m. and from 5 to 5.30 p.m. for mail only.

DOMINION DAY--1867-1921

Tomorrow Will Be Big Gala Day Here

Keen Competition is Expected in the Various Events
Cadets Will Parade to the Memorial Park;
Big Crowd of Visitors is Expected

Everything is in readiness for the big celebration tomorrow, and if Old Sol only condescends to make his presence felt, Sidney can look for the biggest crowd and biggest time here for years.

The various committees who have been working unceasingly for more than a month have now got things rounded up in such a shape that the only folks that won't have a good time will be those who stay away.

J. Bruce Burton

The energetic Secretary-Treasurer of the Sidney Athletic Association, who is having a busy time arranging details for the sports tomorrow.

The officials for the sports will be: Starter—Frank Smith.

Clerks—W. Whitting, J. Hambley, Geo. Hill, A. Dixon, E. Blackburn, U. Harvey, A. Harvey, J. T. Taylor and C. Wemyss.

No. 22, 75 yds., sack race—1st, box cigars, Brooke Vailo; 2nd, goods, J. Jenner.

No. 23, relay race, 3 men—1st, ties, Gault Bros.

In addition to these events there will be a quoit tournament under direction of Mr. F. W. Boycott.

The Ladies of the Women's Institute will have full charge of the refreshments and would greatly appreciate any help offered.

At 1.30 p.m. Mr. M. B. Jackson, K.C., M.P.P., will officially open the new War Memorial Athletic Park and Children's Playground.

The Vancouver High School Cadet Fife and Drum Band will provide music for the day.

In the evening a dance will be held at the Berquist hall, for which Mr. G. Ozard's orchestra will furnish the music.

To Residents of Deep Cove

In order to increase our subscription list in the Deep Cove district, we have decided to inaugurate a subscription campaign in that section of the district, and commencing next week the Review man will call on you. For the purpose of stimulating interest in this campaign we make the following offer:

For every new one-year subscription we will donate the sum of fifty cents to the organ fund of Holy Trinity Church.

As there are a number of residents in the Deep Cove district who are not subscribers to The Review, a considerable sum of money can be raised in this way for the fund specified.

Our representative will have a book of numbered receipts, so you will know how many have subscribed. Details of the campaign will be arranged between Mr. Daves, our representative, and Mr. White, organist at Holy Trinity Church.

The Review is better than ever, so you not only contribute to a worthy fund but you will receive a paper full of interesting news from all sections of the Islands district.

WORK APPRECIATED.

The following letter has been received by Mr. W. H. Daves, secretary of the Sidney Board of Trade, from Mr. B. A. McKelvie, campaign manager of the "Made-in-B. C." campaign:

"On behalf of the Executive of the 'Made-in-B. C.' campaign, I wish to thank you most sincerely for your co-operation and splendid assistance during the 'Made-in-B. C. Week.' It is such practical demonstration on the part of such organizations as yours that we eventually build up British Columbia as an important producing province."

No other country paper gives the variety of news found in The Review. Subscribe now.

Flower Show at Ganges a Success

Annual Event Held Under Auspices of the Guild of Sunshine Was Well Attended Despite Inclement Weather

(Review Correspondent)

GANGES, June 28.—The annual Flower Show given by the Guild of Sunshine was held at the Mahon Hall on Friday last, June 24. There was a good attendance, considering the inclement weather.

During the afternoon there was a ball game between Fulford and Ganges, which Fulford won handily.

For the children was arranged a good part in the races. The races were classed according to ages, such as children under five, and five to seven years, seven to ten years, ten to twelve, etc. The sports were managed by Mr. Ringwood, Mr. Kingdon, Major Best and Mr. Wm. Mout.

Mrs. Johnson, secretary-treasurer of the Guild, had charge of the exhibits, which was conducted in a most capable and business-like manner, and was assisted by Mrs. Wm. Mout, Mrs. G. J. Mout, Mrs. Caspersen.

Mrs. Caspersen and Miss Draper had charge of the ice cream, and they were kept busy all afternoon supplying the children with ice cream cones.

Mrs. Cotford was in charge of the tea. She was assisted by the Misses Cotford, Mrs. Mansell and Mrs. E. Parsons.

Mr. Simpson, of Victoria, acted as judge for the show.

This is always considered Hospital Day by the Guild, and all over expenses are given to that institution. As a result of the show this year it is thought there will be about \$50 to be given to this hospital.

The prize-winners were:
Class 1, collection of 12 varieties of garden flowers, named—1. Mrs. F. Scott; 2. Mrs. C. E. Baker.

Class 2, collection of 6 varieties garden flowers, named—1. Mrs. F. Scott; 2. Mrs. C. E. Baker; commended, Mrs. Oxenham.

Class 3, 6 cut rose blooms, distinct varieties—1. Mrs. F. Scott; 2. Mrs. J. Scott; commended, Mrs. J. Reid.

Class 4, 3 cut rose blooms, distinct varieties—1. Dr. E. Sutherland; 2. Mrs. F. Scott.

Class 5, special prize for 12 distinct varieties of cut rose blooms—1. Mrs. F. Scott; 2. Mrs. J. Reid.

Class 6, bowl of roses, any variety—1. Mrs. F. Scott; 2. Mrs. J. Reid.

Class 7, vase of roses, 1 variety—1. Mrs. F. Scott; 2. Mrs. J. Reid.

Class 8, collection of climbing roses—1. Dr. E. Sutherland.

Class 9, special prize, 6 annuals, distinct varieties—1. Mrs. F. Scott.

Class 10—No entries.

Class 11, 6 bunches of sweet peas—1. Capt. Richmond.

Class 12—6 pansy blooms, distinct varieties—1. Mr. G. Ringwood; 2. Mrs. F. Scott.

Class 13, most artistically arranged flowers, grown on the island—1. Mrs. Doris Atkins; 2. Mrs. Oxenham.

Class 14, collection of daisies—1. Mrs. C. E. Baker; 2. Mrs. J. Reid; commended, Miss Green.

Class 15, pot plant, any variety—1. Miss Norah Johnson; 2. Miss Ida Bond.

Class 16, collection of aquilegia—1. Mrs. G. Ringwood; 2. Mrs. Cotford.

Class 16a, special prize for best in show, named—1. Dr. E. Sutherland.

Class 16b, special prize, best sweet pea in show—1. Miss Norah Johnson.

Class 17, best plate of strawberries—1. Mrs. Ingalls; 2. Mr. A. J. Smith; commended, Mrs. Oxenham.

Class 18, plate of peas—1. Mrs. Ingalls; 2. Mrs. J. Akerman; commended, Mrs. Oxenham.

Class 19, plate of broad beans—1. Mrs. Norah Johnson; 2. A. J. Smith.

Class 20, No entry.

Class 21, No entry.

Class 22, carrots—1. Mrs. E. Nelson; 2. Mrs. Oxenham.

Class 23—No entry.

Class 24, lettuce cabbage—1. Mrs. Oxenham; 2. Capt. Richmond.

Class 25, spinach—1. Mrs. Oxenham; 2. Capt. Richmond.

Class 26, spring onions—1. Mrs. E. Nelson.

Class 27, best collection of vegetables—1. Mr. A. J. Smith; 2. Mrs. Oxenham.

Children, Under 13

Class 28, best flower—1. Mrs. Caspersen; 2. Patsy McFadden; commended, Eddie Ryan.

Class 29, best bouquet—1. Mrs. E. Nelson.

Class 30, best bouquet—1. Mrs. E. Nelson.

Class 31, miniature garden on board two feet square—1. Eddie Jones; 2. Leslie Jenkins.

Class 32, best exhibit of flowers from school grounds—1. North End School, shown by Alma Cotford.

Class 33, best exhibit of flowers from child's own garden. No entry.

Class 34, special prize for best decorated table—1. Alma Cotford; 2. Norah Johnson.

James Bros. of "Barnsbury" had a beautiful exhibit of sweet peas, named varieties, pedigree seed and grown by them, for sale.

At the close of the show the flowers were auctioned by Mr. F. Stacey, and brought in a little over \$100.

A dance was given during the evening in the Mahon Hall, about 100 being present. A most enjoyable evening was spent. Music was furnished by Mr. C. H. Maynard, and his playing was much appreciated.

What might very easily have been a very serious accident occurred last Wednesday when the slip of the government wharf at Ganges gave way, throwing three or four of the crew of the steamer I-land Princess into the water, and a hand truck loaded with groceries, also one piece of local mail. All were rescued with the exception of the hand truck and some groceries.

This wharf is in a shocking state of repair and was repaired the last time by public contribution of the residents. It would seem that as the wharf is government property the government should keep it in repair. The Ganges wharf is used by all the boats and it is essential to this island community as all freight, mail, produce, etc., must come and go on the boats that safe and appropriate accommodation be provided and maintained for the public use.

Little Miss Nellie Bradshaw, of Victoria, who has been staying with her aunt, Mrs. J. N. Rogers, for three months, has returned to Victoria.

Miss Buss, of the "Divide" school, went into Victoria on Saturday.

Fulford Harbor baseball team will go to Kuper Island next Sunday to play a game with the Reid Island baseball club.

We are pleased to learn that the Rev. Fr. Weerts is recovering from the operation he underwent last week at St. Joseph's hospital, Victoria.

Mr. Stanley Dean left on Monday for Vernon, B. C., where he will visit his parents, Rev. Dean and Mrs. Dean.

Congratulations to Capt. A. C. Allan-Williams and Mrs. Williams, on the arrival of a son at the Lady Minto Hospital.

Congratulations to Mr. and Mrs. Robinson on the birth of a little daughter at the Lady Minto Hospital.

Mrs. M. H. Fletcher is visiting her sister, Mrs. F. Stevens, of Dallas Rd., Victoria, for a week, and will also visit Mr. and Mrs. Shandley.

Mr. Elliott, of Cowichan, was visiting his brother, Mr. A. B. Elliott, for a few days last week.

On Wednesday, June 29, the Rose Show, under the auspices of the King's Daughters, will be held at the Agricultural Hall, Duncan. Last year the Scott Bros., of Ganges, were among the most successful of exhibitors, winning many first prizes with their beautiful roses. We wish them success again this year.

The launch "Minwa" called at Ganges this week. Since she touched here last this stout little craft has covered more than 2,200 miles, having been as far north as Alaska. Mr. Slater reported that both the weather and business were fine.

The launch "Petrol" visited us this week and remained here for a couple of days and then proceeded to Puffin.

The "New Era," Capt. Cotford was here with a load of freight for Mount Bros. A large scowload of lumber also arrived this week.

H. L. King's new house is being erected by a staff of five or six men.

Hatch & Co., who have been conducting logging operations on Plover Island, are moving this week, and have been looking over some timber lots on Salt Spring.

The Review is offering prizes for the best description of the Agricultural Fair to be held on Sept. 23. Any boy or girl sixteen years or under, in the following districts is eligible: Cowichan, North Salt Spring, South Salt Spring, Cranberry Marsh, Galiano, Mayne, Pender and Moresby Islands. It will be left to the discretion of the competitor as to length the write-up will be. Competitors are to hand their "copy" to Mr. E. Streeten, secretary of the Agricultural Society, not later than Sept. 30. The prizes offered are: First prize, \$2.00; second prize, \$1.00.

A committee of Salt Spring Island residents will be the judges. After judging the papers, all copies will be sent to the Review, and many of them will be published in the Review.

GARDEN FETE LAST THURSDAY

Very Successful Function Held Under the Auspices of the Ladies' Aid of the Union Church

The garden party held last Thursday evening under the auspices of the Ladies' Aid of the Union Church, was well patronized by the residents of Sidney and district.

The weather was warm and mild, and the ground of Mr. and Mrs. J. T. Taylor presented a very animated scene. The grounds committee, consisting of Rev. T. Griffiths, Mrs. Griffiths, Mr. and Mrs. D. Harvey and Mrs. J. T. Taylor, kept the lawn games going to the satisfaction of all present, while the older people listened with delight to the young violinist, Mr. E. A. Cartwright, of Vancouver, who, accompanied by Mrs. B. Deacon on the piano, played many selections during the afternoon.

The lemon and orange tree for the children kept the little ones busy, this being in the capable hands of Miss Edith Wilson and Ivy Hill, assisted by members of the Junior Sewing Circle.

The candy stall was one of the chief attractions, being decorated in colors of mauve and pink, and presented a very pretty picture. The stock on hand was sold out during the afternoon, this department being patronized very freely. Miss Christie was convener of this committee of the Girls' Sewing Circle.

Mrs. F. Bowcott had charge of the ice cream, while Mrs. Armstrong and Mrs. D. Harvey were in charge of the strawberries and cream department.

Mrs. Dickson, in charge of the handkerchief stall, had a very busy time during the day.

The tea tables were in the capable hands of Mrs. Knowles, Mrs. Munro, Mrs. Brethour, assisted by Mrs. Omond, Mrs. Ellis, Mrs. McLeod, Mrs. Douglas, Mrs. Jackson, Mrs. Taylor and the Misses Annie and Gertrude Watts.

In the evening all adjourned to the house, where a musical programme was given, there being violin solos by Mr. E. A. Cartwright, and solos by Miss Ella Blackburn and Miss Rosa Matthews.

The members of the Ladies' Aid express themselves as very well pleased with the result of the event.

"I Cannot Go"

BILIOUS headache spoils many an expected enjoyment.

When the condition of the liver is neglected, biliousness seems to become chronic and recurs every two or three weeks, with severe sick headaches.

Why not get right after this trouble and end it by using Dr. Chase's Kidney-Liver Pills to restore the health and activity of the liver.

Constipation, indigestion, backache, headache, biliousness and kidney derangements soon disappear with the use of this well-known medicine.

TEMPORARY PLANS FOR FARM.

Although the newly-appointed superintendent of the Experimental Farm, Mr. E. M. Streight, will not arrive here until about July 20, the Station will continue to be open to the public. Prof. Stevenson left on Monday for Toronto to take up his position with the Ontario Department of Agriculture. Applications for information or use of the farm should be directed to Mr. W. H. Hicks, the superintendent at Agassiz, until the arrival of Mr. Streight.

These announcements are made by Mr. W. S. Moore, assistant at Agassiz, who arrived with Mrs. Moore last Monday, on wired instructions from Mr. Hicks, who is in Winnipeg, and met Prof. Stevenson before he left the farm. Mr. Moore states that no check in the haymaking season, nor in the numerous experiments and tests which Mr. Stevenson inaugurated will be allowed, and the station will be kept running until Mr. Streight can reach here.

Mr. F. C. Elford, Dominion Poultry Husbandman, will be at the Farm until Mr. Streight arrives.

Third No-Decision Bout

The third bout for the world's heavyweight championship under no decision rules at a limited number of rounds will take place next Saturday at Jersey City, when Jack Dempsey and Georges Carpentier settle their little argument. The only previous title contests held under similar conditions were the Willard-Moran 10-round battle at New York, March 25, 1916, and the Willard Dempsey Contest at Toledo, O., July 4, 1919. The first bout went the limit, Willard gaining the popular verdict. At Toledo, Dempsey knocked out his ponderous opponent in the third of the scheduled 12-round bout.

Modern ring history in the heavyweight division is considered to have begun when John L. Sullivan knocked out Paddy Ryan in nine rounds at Mississippi City, Miss., Feb. 7, 1882. Including that contest and the one in which Marvin Hart defeated Jack Root to gain the title relinquished by Jim Jeffries, there have been 24 championship bouts. The longest was that in which John L. Sullivan knocked out Jake Kilrain in 75 rounds at Richburg, Miss., the shortest that in which Tommy Burns stopped Bill Squires in one round at Colma, Ca., July 4, 1907.

By the average duration of these championship contests, which is a trifle under fifteen rounds, Dempsey and Carpentier, scheduled for only twelve rounds, would seem likely to go the prescribed route. The length of the Sullivan-Kilrain duel, however, stretches this average, and examination of the records show that eleven of the twenty-three battles have stopped short of the twelve-round mark, while the most recent championship fight, in New York last December, ended with the knockout of Bill Brennan by Dempsey in the twelfth round.

Persons who wager on an official result in the Jersey City bout can win or lose only in two events—a knockout or a disqualification on a foul. To make possible a clean-cut decision, it has been suggested that Promoter "Tex" Rickard appoint three judges who shall sit at the ringside and announce a verdict after returning to New York following the bout.

A list of the heavyweight championship bouts, beginning with Sullivan's defeat of Ryan in 1882, is appended:

- 1882, Feb. 7—John L. Sullivan knocked out Paddy Ryan in nine rounds at Mississippi City, Miss.
- 1889, July 8—John L. Sullivan knocked out Jake Kilrain in 75 rounds at Richburg, Miss., in last championship bout with bare knuckles.
- 1892, Sept. 7—James J. Corbett knocked out John L. Sullivan in 21 rounds with big gloves at New Orleans, La.
- 1894, Jan. 25—James J. Corbett stopped Charley Mitchell in three rounds at Jacksonville, Fla.
- 1897, March 17—Bob Fitzsimmons stopped James J. Corbett in 14 rounds at Carson City, Nev.
- 1899, June 9—James J. Jeffries stopped Bob Fitzsimmons in 11 rounds at Coney Island.
- 1902, July 25—James J. Jeffries stopped Bob Fitzsimmons in eight rounds at San Francisco, Cal.
- 1905, Aug. 14—James J. Jeffries knocked out James J. Corbett in 10 rounds at San Francisco, Cal.
- 1904, Aug. 26—James J. Jeffries knocked out Jack Munroe in two rounds at San Francisco, Cal.
- 1905—James J. Jeffries retired and handed title to Marvin Hart after the latter had stopped Jack Root in 12 rounds at Reno, Nev.
- 1905, Feb. 23—Tommy Burns beat Marvin Hart in 20 rounds at Los Angeles, Cal.
- 1907, May 7—Tommy Burns beat Philadelphia Jack O'Brien in 10 rounds at Los Angeles, Cal.
- 1907, July 4—Tommy Burns stopped Bill Squires, of Australia in one round at Colma, Cal.
- 1908, Dec. 25—Jack Johnson defeated Tommy Burns in 14 rounds at Sydney, N.E.W., the police interfering.
- 1909, Oct. 16—Jack Johnson knocked out Stanley Ketchel in 12 rounds at Colma, Cal.
- 1910, July 4—Jack Johnson knocked out James J. Jeffries in 15 rounds at Reno, Nev., for a purse of \$101,000.
- 1912, July 4—Jack Johnson beat Jim Flynn in nine rounds at Las Vegas, N. M., the police interfering.
- 1914, June 27—Jack Johnson beat Frank Moran on points in 20 rounds at Paris, France.
- 1915, April 5—Jess Willard knocked out Jack Johnson in 26 rounds at Havana, Cuba.
- 1916, March 25—Jess Willard defeated Frank Moran by popular verdict in 10 rounds at New York (no decision).
- 1919, July 4—Jack Dempsey knocked out Jess Willard in three rounds at Toledo, O.
- 1920, Sept. 6—Jack Dempsey knocked out Billy Mako in three rounds at Benton Harbor, Mich.
- 1920, Dec. 14—Jack Dempsey knocked out Bill Brennan in 12 rounds at New York.

ABOUT RADIUM

"What is the appearance of radium, what are its properties, where is it found?"

Radium in its pure form is a silvery white metal, resembling barium, with which it is mingled in the radioactive minerals, from which radium is obtained by a difficult and costly chemical process. It might be said that pure radium is never seen, since, as used for scientific purposes, it always appears in combinations called radium chloride and radium bromide.

In accord with its many wonderful properties, pure radium seems very shy, and quickly abandons its metallic form by entering into chemical combinations. In the form of chloride or bromide radium appears as a white powder, easily preserved, and in these forms its radioactive powers are available. The amount of radium in possession of mankind is astonishingly small—less than 200 grams in all.

The sources from which radium is obtained are the minerals called pitchblende and carnotite, mentioned above. Pitchblende, found chiefly in Bohemia, was the original source from which Madame Curie and her associates obtained radium.

Another name for pitchblende is uraninite, given because it contains the metal, uranium, the first that was known to possess the property of radio-activity. This property was discovered by the French chemist, Becquerel, in 1895.

Becquerel's discovery led to Madame Curie's investigation of pitchblende, in which she found, in addition to uranium, a mysterious substance having about two million times as great radio-active power as uranium possessed.

This substance she named radium, and afterwards she proved by most ingenious and laborious methods of chemical separation, that radium was an independent element, having an atomic weight of 226, making it one of the heaviest known.

The other source of radium mentioned—acronite—is a mineral found principally in Colorado and Utah, containing uranium and vanadium, as well as radium.

The properties of radium have been partly described above. The most conspicuous one is that of sending off continuously streams of radiation, due to the spontaneous breaking up of the atoms of radium. There are three types of rays—the alpha rays, consisting of particles now believed to be atoms of helium; the beta rays, consisting of streams of electrons "coming out," as Prof. Comstock says, "like bullets from a machine gun," and the gamma rays, which are still somewhat mysterious, apparently bearing some resemblance to the X-rays, or to the waves of light.

Prof. Comstock gives this very striking suggestion: "The connection between the beta rays and the gamma rays is probably similar to that between the bullet and the sound in the case of a gun."

Uranium is supposed to be the "parent" element from which radium is derived. Radium itself breaks up into helium and niton, and niton, or "radium emanation," is a gas possessing a hundred thousand times as great radio-activity as radium. The ultimate cause of radio-activity is only conjectural. It is an action more fundamental than anything in chemistry, for it takes place inside the atoms, and shows the existence there of an enormous amount of energy of unknown origin.

This is called intra-atomic energy. If man could get control of it, and could develop it at his will, an inconceivable revolution in human affairs would unquestionably be the outcome.

There is no room here to discuss the application of radium in practical affairs. These applications relate principally to attempts to cure disease by means of the destructive or stimulative effects of the rays. It is said to be Madame Curie's belief that cancer may be eventually completely mastered by this means.—Garrett P. Serviss, in Free Press Prairie Farmer.

LUKE McLUKE SAYS

(From Winnipeg Free Press.)

Most women know that gambling is wicked. But it eases her conscience a whole lot if her husband happens to win.

A man can't see why the bedbug was ever created. But that is just what a flea thinks about a hairless dog.

Some men divide their time between being mean to their wives and being nice to other women.

When a girl gets a tip that she has a real voice it is hard to keep her from eating bird seed for breakfast.

You can't get three men together when you sound a call for a meeting for uplift and civic betterment. But there are never enough seats to go around when you sound a call for a poker game.

What has become of the old-fashioned man who used to part his hair on the back of his head?

Some girls study art and literature and make names for themselves. And other girls study men and make names for themselves by making the men propose.

About one man in each 10,000 is satisfied. The other 9,999 either have too much or not enough.

No matter how fast a girl is fleeing from temptation, she always pulls up right in front of a milliner's window.

The kiss that is a semi-occasional privilege tastes much sweeter than the caress that is a daily duty.

Every man knows a lot of remedies that he is always recommending to other people but wouldn't think of taking himself.

A man wouldn't try to beat a hard-boiled egg. But that doesn't keep him from playing the ponies every day.

THE WITCH'S SECRET.
Chapter 3.
Next morning there was troubling. It was Saturday, the day for scrubbing floors, and where was Mrs. Jones' bucket?
"You had it yesterday, Mary. Where did you leave it? I wish your children would learn to put things away in their proper places. Where's Evan?"
"Getting wood in, mother," said Mary, who was looking and feeling very serious indeed. It was no use telling any grown-up person about voices coming out of dark caves at night-time, because no grown-up person would believe such nonsense. Yet if mother wanted her bucket someone would have to fetch it.
"I wouldn't dare go!" said Mary to herself, with a little shiver, as she went to the woodshed to consult her brother.
"Mother wants her bucket back, Evan," she began.
Evan looked savagely at the tough fir wood and made no answer. Mary tried again.
"Evan!" she said.
"What?"
"You're to go and fetch the pail off the beach."
"Who said?"
"Mother wants it."
"You fetch it yourself, Mary. I shan't finish this job for hours yet!" And Evan, who never chopped wood for more than ten minutes without drifting off to play marbles or get a drink of water, pulled down three heavy sections and prepared to split them in a most business-like manner.
"You left it there, Evan, and you ought to fetch it."
"I didn't—you did!" snapped Evan.
"I've got to finish drying the dishes, and do my practicing. You might go, Evan!" said Mary pointing. Yet Mary never by any chance did her practicing if she could possibly find any excuse for keeping away from the piano.
"I must have that bucket!" called the voice of Mrs. Jones from the back door.
"I s'pose we'll both have to go," said Evan at this point. "Girls are such babies. They can't go anywhere alone!"
Mary was so much relieved that he had changed his mind that she did not retort angrily with her usual ill-temper. They set off at once.
For some way down the road neither of the children spoke and then it was Evan who suggested—
"Couldn't we borrow a bucket of Mrs. Lee's?"
Mary jumped at the idea. "Of course we could!"
"Does she have to scrub floors on Saturday?" Evan asked the question doubtfully.
"I guess so," said Mary. "Look—there's Jenny! I'll ask her."
"A bucket? Lend you one? I'll see if mother wants them both. We have got two somewhere," answered Jenny over the gate. The thought of a very strange thing that Mrs. Jones should have to send the children out on Saturday morning to borrow a bucket before she could wash the floors.
"Ask 'em if they want a scrubbing brush, too," chuckled Bryant, who was cleaning boots for Sunday.
"Maybe mother can spare half a cake of soap," he added.
"Stop talking such nonsense, Bryant," said Mrs. Lee, smiling at her son's mischievous face. "Of course we can oblige a neighbor," and she gave Evan the bucket without asking the Jones children any awkward questions.
Meanwhile the starfish lay scattered on the beach, and the Witch's cat crept out to look at them.

Salt Spring Island
Past and Present
By "Free Lance"

Education in 1800.
The first school house erected on Salt Spring Island was situated at what is now known as the Vesuvius settlement, and lies adjacent to Vesuvius Bay.
The first building was a very rough affair constructed by the first settlers out of logs from nearby trees. Subsequently another took its place, on the same spot. This second building was also built of logs like the first.
Some years later the second school house here mentioned was replaced by a modern looking frame building. The last time I passed through Vesuvius settlement, the old log school house could be seen standing beside the new frame one, and was occasionally used for public meetings or Sunday services.
The first school teacher to undertake the duties of school teaching on Salt Spring Island was a colored man named Jones. He taught six days in the week, three days at Vesuvius settlement and three days at the north end of the island in a log house belonging to one of the early pioneer farmers.

Settlements.
There are now eight districts or settlements on Salt Spring Island, each having a frame school house and a school teacher who is paid by the government. The school having the largest number of pupils enrolled at the present time is the Central Settlement.

Twenty-Six Years Ago.
Twenty-six years ago there were only four districts or settlements having school houses and resident school teachers, viz., Vesuvius school, 28 pupils, teacher, Mr. R. Purdy.
North End School, 18 pupils, teacher, Miss McKinnon.
Burgoyne Valley School, 24 pupils, teacher, Mr. A. W. Cooke.
Beaver Point School, 17 pupils, teacher, Mr. George Kirkendale.
In those days the pay of a school teacher was \$50 per month, or \$600 per annum.

Today.
The eight settlements above referred to are as follows:
Central Settlement, 27 pupils, teacher, Miss Birdo.
Beaver Point, 22 pupils, teacher, Mr. J. H. Monk.
Divide, about 13 pupils, teacher, Miss G. Buss.
Cranberry Settlement, about 10 pupils, teacher, Miss Draper.
Isabella Point, about 10 pupils, teacher, Miss M. Gyves.
North End Settlement, about 13 pupils, teacher, Miss Adams.
Ganges Harbor settlement, about 32 pupils, teacher, Miss Burns.
Burgoyne Valley settlement, about 17 pupils, teacher, Miss Mount.

At Ganges Harbor there is also a private school for boys conducted by Mr. Oxenham. There are about 16 pupils attending this boarding school.

SUNDAY SCHOOL PICNIC HELD

First Annual Event of Union Church Proved Very Successful; Good Programme of Sports

The Union Church Sunday School picnic, held at Deep Cove last Monday, was a very enjoyable affair, and both old and young had a splendid time. After the usual excitement of arriving had worn off the following programme of races was staged:
Boys, 5 years—1, Joe Brewster; 2, Percy Voss.
Boys, 7 years—1, Jas. Brewster; 2, John Miller.
Boys, 9 years—1, Frank Holdridge; 2, Leslie Way.
Boys, 12 years—1, Harry Way; 2, Stanley Coward.
Boys, 14 years—1, Gordon Bowcott; 2, Colin McKenzie.
Boys' 3-legged race, 12 years—1, Stanley Coward and William Harvey; 2, Archie Miller and Frank Holdridge.
Boys' 3-legged race, 16 years—1, Colin McKenzie and Gordon Bowcott; 2, Stewart Hill and Raymond Brethour.
Girls, 5 years—1, Mary Jackson; 2, Masie Miller.
Girls, 7 years—1, Eileen Way; 2, Bessie Jackson.
Girls, 9 years—1, Muriel Holdridge; 2, Nettie Brewster.
Girls, 12 years—1, Myrtle Wilson; 2, Ivy Hill.
Girls' 3-legged race, 12 years—1, Ivy Hill and Kathleen Watts; 2, Kathleen Steingburgh and Kathleen Taylor.
Girls' 3-legged race—1, Hazel Hill and Grace Jenner; 2, Ivy Hill and Kathleen Watts.
Sack race—1, Myrtle Wilson; 2, Rhoda Craig. This race was a tie.
Sack race—1st heat, 1, Rhoda Craig, Grace Jenner; 2nd heat, Myrtle Wilson, Alice Jackson.
Teachers' race—1, Alice Watts; 2, J. T. Taylor.
Ladies' race—1, Mrs. Holdridge; 2, Mrs. Johnston.
Tug of war—Girls' sewing circle defeated Ladies' Aid.
About 5 p.m. every one was ready to find out what the various baskets contained, and were well satisfied with the result of their investigation.
The entire party returned to their various homes in the dusk of the evening, after spending one of the most delightful days at the sea shore of Deep Cove.

HAVE GONE INTO BUSINESS

"Jim" Bryant, Formerly With Plimley & Ritchie, Opens Shop on Broad and Johnson

Mr. J. Bryant, who for the past eight years has been connected with the firm of Plimley and Bros. and Plimley & Ritchie, has gone into business for himself. This new venture of Plimley & Ritchie, has gone into partnership with Mr. B. Smith, who has also been in the bicycle business for sixteen years, and they have opened up their shop at the corner of Broad and Johnson streets, recently vacated by Seabrook Young.
These energetic business men are out for real work and are prepared to give strict attention to mail orders.
"Our motto will be 'The House of Service,'" says Mr. Bryant. "We will handle new and second-hand bicycles, repairs of bicycles, gramophones, baby buggies, stereopticon goods, etc."
Their advertisement will be found elsewhere in this issue.

STALLION SENT TO SALT SPRING

SALT SPRING ISLAND, June 28. Through the efforts of Mr. R. G. Wright and the assistance of Mr. W. L. McDonald, Livestock Commissioner, the heavy draught stallion "Marquis," the property of Mr. W. A. McIntosh, was landed at Vesuvius Bay on Monday, June 20. "Marquis" is 12 years old; weight, 2,040 lbs.; breed, Percheron. He is without a blemish and has never been beaten in the show ring. Unfortunately, a week before "Marquis" reached Salt Spring, a Clydesdale stallion from Victoria arrived at South Salt Spring and was regretted for the Clydesdale is not so well suited to the local requirements as is the Percheron. Mr. McIntosh is planning to make this visit to Salt Spring a very short one but intends coming back in a few weeks' time. A few years ago the heavy horses on Salt Spring Island were as good as any in the province, but owing to the use of inferior stallions they deteriorated.

How Fast Sound Travels

By Ernest Bosch

"How can one find with a tuning fork the speed with which sound travels?"

One would think that the way to find the velocity of anything would be to time it with a stop watch. And, of course, the velocity of sound can be found in that way.

But when it comes to try it, one finds that it is surprisingly troublesome.

When a tuning fork is struck so it vibrates, one can not hear any sound unless the stem of the tuning fork is held against the table top or unless the prongs are held close to one's ear. But if one holds the prongs over a jar of exactly the right depth the air in this jar is set in vibration and so reinforces the vibrations of the fork that it becomes audible from any part of a large room provided no other sounds are being made in that room.

Each vibration of the tuning fork causes a wave sound, and it is well known that the shortest air column that will so strengthen the sound of a tuning fork as to make it readily audible is exactly one-fourth of a wave length.

To apply the method, I used a jar about fifteen inches tall filled with water into which there dipped a tube about equally long and about two inches across.

By trial I found that a fork making 250 vibrations a second sounded clear and strong when this air column was 12.8 inches long; a fork making 320 vibrations responded to an air column 10.2 inches long; a fork with 884 vibrations responded to an air column 8.5 inches long; one making 427 vibrations required an 8-inch air column, and a fork with 512 vibrations responded to a 6.4 inch air column.

Changing these inches to feet, multiplying each by .4, and the product by the number of vibrations of the corresponding fork, I got the following values of the velocity of sound: 1,083, 1,073, 1,070 and 1,063 feet a second.

TWO CELEBRATIONS IN ONE.

A very happy party return to Sidney last Sunday evening from Dunville Island in Capt. Byers' launch, after spending a very enjoyable day at that place. The cause of all the excitement was the celebration of the second anniversary of the marriage of Mr. and Mrs. E. F. Lesage and the third anniversary of the marriage of Mr. and Mrs. G. McMullen. Those who made up the party were Mr. and Mrs. E. F. Lesage, Mr. and Mrs. G. McMullen, Mr. and Mrs. V. G. Field and "Pat," Mr. and Mrs. Hebb and son Harry, and Mr. and Mrs. Th. M. Mrs. Hebb was the winner of the prize offered for the best toast to the happy couples in whose honor the outing was given. The wedding cake was a delightful creation, and was enjoyed by all.

Many good wishes were bestowed upon Mr. and Mrs. Lesage and Mrs. McMullen, the party returning home in the early evening after a most delightful day.

CELEBRATE SCHOOL CLOSING

Concert Given by School Children of
James Island Last Thursday a
Great Success.

(Review Correspondent.)
JAMES ISLAND, June 28.—A
very successful concert was given by
the school children in the Moore Hall
last Thursday evening. The hall was
crowded and every one was charmed
with the splendid appearance the pu-
pils made. Mr. Eyres occupied the
chair. The proceeds of the concert
went towards a school library.

The following gives the order of
the programme:

"O, Canada" and "Rule Britan-
nia," the school.

Welcome speech, Muriel Lang.
Chairman's remarks.

Men of Harleth," chorus by the
school.

Recitation, Raymond Rivers.
Solo, Mr. Dakin.

Recitation, Charlie Martin.
Part song, "Sweet and Low," the

school.

Whistling solo, Mr. A. Inglis.
Recitation, Loys Wilson.

"Every Morning," chorus.
Recitation, John Thompson.

Recitation, Clifford Baldwin.
"Questions," part song.

Recitation, Peter Robb.
Recitation, Barbara Ford.

Solo, Mrs. Bowker.
Recitation, Leslie Martin.

"The Minstrel Boy," chorus.
Solo, Mr. Dakin.

Recitation, Evelyn Malpass.
Whistling solo, Mr. A. Inglis.

During the evening an interesting
little ceremony took place. It was
the handing over to Miss McEachern
two gifts, one from the scholars and
one from James Island residents.

The pupils' gift was a handsome
ivory hair brush, while the residents'
gift was a sterling silver Ever-Sharp
pencil, with her initials engraved.

The proceedings ended with the
singing of the National Anthem.

Miss McEachern sails on the Tunis-
ian, July 2, to tour part of Europe,
along with a large party of other
Canadian teachers. The tour is con-

PICNIC AT SATURNA ISLAND

Saturna Island School Children En-
joyed Outing Last Friday:
Other Items

(Review Correspondent.)

SATURNA ISLAND, June 28.—

The summer holidays have come
round once more and there are many
happy little folk. The school closed
here on Thursday and on Friday a
picnic was held at the home of Mr.
and Mrs. H. D. Payne for all the chil-
dren. It was a lovely day and all
had a happy time playing games,
running races and some enjoyed a
dip in the sea. There were three
Rolls of Honor given out and were
won by Miss E. Doffy, Miss N. Cope-
land and Miss D. Harris.

The survey party left today to
spend the week-end Victoria, return-
ing Tuesday. Those who went by
launch to Sidney were Mr. Whyte,
Mr. Worthington, Mr. Ilkicks, Mr.
and Mrs. J. J. Payne and child, and Mrs.
MacLeod and little daughter "Bun-
tlo."

Mrs. W. Doffy has left to spend a
few days in Victoria.

Master W. Doffy has returned from
Victoria. His arm is much improved
though it is still strapped to his side.

Mr. H. D. Payne took Miss Au-
drey Payne and Miss Irene Harris to
Ganges last Monday where they went
to write their Entrance examinations.

They returned on Thursday, and it
is hoped they will both be successful.

Miss G. Payne, St. Margaret's
school passed her music exami-

nation.

Mr. F. Walker, of South Pender,

has taken a job at a cannery on the
Mainland coast.

Mrs. Butler and family have come
to spend the summer months on
South Pender.

Miss Cook returned to Victoria,
having spent a week visiting on South
Pender.

Col. Aldous and Mrs. Aldous were
visitors to Saturna and South Pender
on their launch "Spartan" last week
and have gone to spend a few days
at Brentwood.

Mr. Seymour Punnett, of Victoria,
is the guest of Rev. H. Payne.

Mr. Warburton, government log
scaler, on his boat the "Sitka Spruce"
has been at Saturna off and on dur-
ing the week.

Mr. G. F. Payne's launch "Irene"
is nearing completion, after having
been rebuilt. Mr. P. Graw has been
doing the work, and will be through
this week.

The First of July is everybody's
mind at present. Most of those
round here who have launches or
sail boats are expecting to attend the
Cowichan regatta.

Mr. and Mrs. L. Higgs, of South
Pender, have been visiting Mrs. H.
Page for a few days.

Travellers from Mackay, Smith &
Blair and McLennan & MacFeeley,
of Vancouver, paid a visit to Saturna
the early part of the week on their
fine boat the "Miawa" on their way
up the northern coast.

MAYNE ISLAND, June 28.—Mr.
and Mrs. Valls, after spending a few
days on Mayne Island, left for Vic-
toria on the Island Princess.

Mr. Mounat, of Ganges, has been
on the island this week with Mr.
Robinson, life insurance agent.

Mr. Emery, Mr. Hall, Mr. Ben-
net spent last Wednesday in Vic-
toria.

The two dinghys lost by Capt.
Vaugh and Mr. Inglis during a very
high tide a few weeks ago, have both
been found and returned to their
owners.

Mr. Aldous again visited Mayne
Island this week and surveyed some
property for Mr. Georgeson.

Farmers are busy cutting hay.
We do hope Old Sol will shine until
the crop is safely in.

The longest day is over, but the
wonder of it was that it was about
the lightest night I have ever seen.
At 9.30 p.m. it was still daylight, or
rather twilight.

The small whales or killers have
been feeding on the herring in the
Pass, and one day last week one of
your fair readers got a pretty bad
fright. Leaving the Galiano shore
in a flat-bottom boat alone, all went
smoothly until a tramp boat in pass-
ing gave the killers a fright, and in
a moment the poor lady was sur-
rounded by the huge fish. Being in
the middle of the stream she won-
dered which shore to pull for. Gali-
ano looked nearest and the light-
house people, who were watching
her, said if she had been pulling in
a singles race at any regatta she cer-
tainly would have been victorious.
The fish remained for about an hour
feeding on the herring which abound
in the Pass.

The government steamer "Burns"
spent Friday and Saturday repairing
and painting Mary Ann and Helen
Pont lights. The steamship Burns
has just completed a cruise of twen-
ty-five days inspecting and overhaul-
ing the automatic lights between
Victoria and Seymour Narrows.

Capt. Evans is in command, and
Andy Couch is first officer. The
Burns is a recent addition to the
government fleet on this coast, be-
ing launched about three months
ago, and has proved to be a useful
and efficient vessel. She has a pow-
erful derrick fitted for lifting buoys.

No. 5 buoy, from the Fraser river,
was sighted by Mr. Georgeson, our
lighthouse keeper, drifting about
two miles north of the light. Later
in the day Mr. Georgeson towed the
buoy into shallow water off Point
Comfort and it is now lying there
held by a heavy kedge anchor. The
government steamer from New West-
minster is expected any day now to
pick the buoy up and place it in po-
sition again.

It is quite a frequent occurrence
for these buoys to be dragged out of
place by booms of logs coming down
the river. The current catches the
booms and swings them over the top
of the buoys, and the buoy coming
up inside the boom, is carried out to
sea unless a tail stick or boom stick
carries away. When these buoys
are foul and carried out to sea the
masters of the big boats always
open their booms up and clear the
buoy. We imagine that the above
is what happened to the buoy lying
off Point Comfort.

Mr. Walton Deacon is putting up a
sho.

HOLD FIRST ANNUAL PICNIC

Veterans of France First Annual
Event at Experimental Farm
Grounds

The first annual picnic of the Vet-
erans of France, which was held on
the grounds of the Experimental
Farm, last Saturday afternoon,
proved to be a most successful and
enjoyable affair.

A good programme of sports was
staged under the direction of a com-
petent committee of management
consisting of Mr. S. F. Ricketts, Jas.
Armstrong, R. Wylie, Jos. Mason, B.
Deacon, Jos. Robinson and J. Rob-
erts.

Not the least enjoyable feature of
the day was the supper which was
looked after by the Ladies Auxiliary
to the Veterans of France.

List of Prize Winners.

During the afternoon and evening
the following programme of sports
was staged:

Girls under 5 years, 50 yards—
Jennie Ricketts, 1st; Lily Robinson,
2nd; Edith Jeffries, 3rd.

Boys under 5 years—Bernard Liv-
ingstone, 1st; Alan Jeffries, 2nd.

Girls from 5 to 8 years—Muriel
Holdridge, 1st; Lida Livingstone,
2nd.

Boys from 5 to 8 years—Frank
Holdridge, 1st; Peter Ricketts, 2nd;
Cyril King, 3rd.

Girls from 8 to 10 years—Elma
Robinson, 1st; Gladys Ricketts, 2nd;
Annie Ricketts, 3rd.

Boys from 8 to 10 years—Henry
Wylie, 1st; F. Holdridge, 2nd.

Girls from 10 to 12 years—Edith
Ricketts, 1st; Annie Robinson, 2nd.

Boys from 10 to 12 years—John
Wylie, 1st; N. Robinson, 2nd.

Girls from 12 to 15 years—Edith
Ricketts, 1st; Hilda Napier, 2nd.

Boys from 12 to 15 years—F.
Clanton, 1st; V. Pohl, 2nd.

Young ladies' race, 80 yards—
Jean Munro, 1st; Violet Wright, 2nd.

100 yds. dash, open—Alan I. Dea-
con, 1st; S. F. Ricketts, 2nd.

Boys' three-legged race—Clanton
and Bowcott, 1st; Wylie and Hold-
ridge, 2nd.

Girls' three-legged race—Miss
Wright and Miss E. Roberts, 1st;
Miss Robinson and Miss Ricketts,
2nd.

Ladies' egg and spoon race—Jean
Munro, 1st; Mrs. Holdridge, 2nd.

Ladies' nail-driving contest—Mrs.
S. L. Ricketts, 1st; Mrs. E. Robin-
son, 2nd.

Messrs. S. L. Ricketts and R. Wylie
gave general satisfaction in their ca-
pacity of masters of ceremonies.

The baseball game between the
ladies and gentlemen was very excit-
ing in spots, and afforded a great
deal of merriment.

The "Flying Line" Stage and Mr.
W. Stacey conveyed the picnicers to
and from the grounds, and this act
of kindness on their part was very
much appreciated by all.

In view of the success of the first
annual picnic, there is no doubt that
a similar outing will be held every
summer, and will be looked forward
to by all.

DELIGHTFUL OUTING.

A number of Sidneyites and Vic-
torians visited Salt Spring Island last
Sunday, and spent a very enjoyable
day. They were met at Fulford Har-
bor by Mr. F. Edwards, who took
them to the ranch of Mr. A. Raines.

The party consisted of the following:
Mr. and Mrs. B. Harvey, Mr. and
Mrs. J. Bishop, Mr. Bert Raines, Mr.
T. Cumberbatch, Mr. Fred Carter,
Mr. McNeill, Mr. W. Harper, and Mr.
and Mrs. Wilfred Harrison, all of
Victoria; Mr. J. Critchley, Mr. and
Mrs. A. Critchley, Mr. Griffin, M. J.
Fisher and Mr. N. Copeland, of Sid-
ney. The party returned to Sidney
during the evening.

FALSE REPORT.

It was reported that a couple of
young people were locked up in a
garage last Tuesday evening, but in-
vestigation proved the rumor abso-
lutely unfounded. It is said it was a
Lizzie Ford and one of the Lodge
Bros.

What to Do in Case of Drowning Accident

Dr. Fischer, of Vienna, declares
that he is able to revive human life
after it has been submerged in wa-
ter up to six hours, and that hun-
dreds of lives are sacrificed every
year by clinging to the old methods.
Doctor Fischer says it is impossi-
ble for a drop of water to enter the
lungs of a person who enters the
water alive. This is contradictory
of the time-honored belief that the
lungs of a drowned person are filled
with water. Doctor Fischer says:
"The water strikes the larynx and
causes a spasm which closes the
lungs and prevents the entrance of
water for a period of nine days, un-
til relaxation commences. Drowning,
so-called, is merely suspended ani-
mation and not death."
"To restore animation, I proceed
first to thoroughly warm the body,
which has been chilled by submer-

sion. This is accomplished with hot
water in which the apparently
drowned person is immersed for from
twenty to thirty minutes. Following
this immersion in the hot water,
which must be as hot as can be borne
by the hand, the old and ordinary
methods of resuscitation are resorted
to, viz., artificial respiration, or
the use of the pulmotor."

Doctor Fischer claims that he has
never failed in this method of re-
suscitation which has been applied
in dozens of cases. By this process
it is possible to save the lives of per-
sons apparently drowned after at-
tempt have been made to restore
them by the use of artificial respi-
ration, so that, if necessary, the old
method of resuscitation may first be
adopted, followed by immersion in
hot water and artificial respiration,
or the use of the pulmotor.

TRIED RECIPES

CRANBERRY FRUIT SALAD—Allow one-half banana, two orange sections, a few Malaga grapes to each person. Seed and halve the grapes. Peel bananas, cut in halves and cut in thin slices crosswise, not disturbing banana shape.

Place on lettuce or endive. Place orange sections on one side, grapes on other, after marinating well with plain French dressing. Pour over all a cranberry dressing, made by stewing cranberries with sugar. Serve cold. This is not as much work as it sounds and is unusually good.

EGGLESS CARAMEL PIE—Line a pie plate with crust. Put in one-half of a cup of flour and one cup brown sugar; mix together, then add one-half cup milk or cream, and take a fork or spoon and mix. Then take pieces of butter size of hickory-nut and cut in small pieces over top. Bake as you would custard pie. Whipped cream may be put on top after it is baked, if wanted.

APPLE CELERY SALAD—Chop up four medium-sized apples, after they have been pared, chop with six large stalks of celery, mix with mayonnaise and sprinkle nuts on top.

SWISS STEAK WITH BROWN GRAVY—Take a piece of round steak about two inches thick, poured into this one-half cup flour; have a skillet well greased, put steak into it and let it brown on both sides; cover and turn fire low; let simmer in its own juice for about one and a half hours, then add one pint tomatoes, salt and pepper to taste, two small onions, chopped, and two cups of water; let simmer another hour and you have a delicious brown gravy and a nice roast.

BARLEY GEMS—Beat two eggs lightly and add two cups of milk. Sift together one cup each of barley and rice flour, and add two ounces of sugar, half a teaspoon of baking powder. Rub in with finger tips four tablespoons of butter substitute and add the egg and milk. Beat well and bake in oiled gem pans.

EGG OUT OF RICE AND BACON—Fry until browned six large slices of bacon and chop coarsely. Prepare a cup of highly season brown sauce, add a cup and a quarter of dry cooked rice and the bacon. Mix well and stir in two tablespoons of chili sauce and one tablespoon of chopped parsley. This may be served plain or it may be turned into a greased baking dish, the top covered with dried crushed crumbs mixed with grated cheese and browned over in a quick oven.

POTATO CAKE—Sift into a mixing bowl two cups of pastry flour and add half a teaspoon of salt, two rounded teaspoons of baking powder and a few grains of paprika. Rub in with the finger tips three tablespoons of creamy, mashed potatoes, and two tablespoons of any preferred shortening. Beat the white of one egg lightly, add a quarter of a cup of milk and gradually work in the dry ingredients. The mixture should be a very soft dough. Pat out into a round greased pan, having it about three-quarters of an inch thick, cut in wedge-shaped pieces from the centre and bake on a hot oven for fifteen minutes. Split apart and spread with softened butter.

PRUNE PUDDING—Soak half a pound of prunes overnight and in the morning turn all into the upper part of the double boiler and simmer until nearly tender. Sweeten to taste during the last ten minutes of cooking. Cool and remove the pits. To the syrup add a tablespoon of gelatin, which has been soaked in a quarter of a cup of cold water and then dissolved over hot water. Mould the soaked prunes and split, blanched almonds with the assistance of the jellied syrup, and be sure that each layer of the fruit and nuts is perfectly firm before the next is added. Chill on the ice and serve unmoulded with sweetened whipped cream or a custard sauce.

ABOUT NATURE

Nature is full of mystery. She sets conundrums which man, with all his learning, is unable to answer satisfactorily.

Crows when at rest on the tree-tops or when foraging in the fields invariably have sentinels out to give warning of danger. Why has Nature gifted these birds in this distinctive way? How do the crows arrange the duties of the sentinels?

When rook-shooting begins the first shot will send the whole colony of birds into the air in a panic, but as soon as they reach a height which is beyond the range of the guns, the cloud of birds will pause and remain at the same altitude although shot may be sputtering in the tree-tops for an hour. How do they know when they are at a safe altitude?

The most conceited citizen of the bird kingdom is the common turkey. He is powerful, arrogant, aggressive, over seeking a quarrel, but usually the first combatant to run away when a battle really takes place. Why has Nature endowed him with such a strange medley of qualities?

Why is it that the common male barn-door fowl has been singled out by Nature to be a perpetual demonstrator of the art of politeness to the weaker sex? As soon as the cockerel grows a comb and a wattle which can grow, he begins to pay marked attention to the opposite sex. He tends them, hunts for them, and declines to eat until they have satisfied their wants. For ages mankind has been killing off cockerels, but the chivalry of the barn-door fowl remains untarnished.

Pigeons have been used and studied for ages, but who can explain by what mysterious sense the homing sets his course? A young bird has been liberated in strange surroundings, and within a few hours has been found safely perched in his own dovecote. How did he find his way home?

JOB PRINTING

We are in a position to handle job work in a satisfactory manner, and will appreciate any orders received. The Review plant is well equipped in every way, being the largest and most up-to-date of any found in a town the size of Sidney. We have added considerable equipment to the Review plant during the past year or so in order to be in a position to successfully handle anything that may be placed in our hands in the commercial job printing line. The Review has had splendid support in this direction, and this fact is very much appreciated. If at any time our customers are not satisfied we hope they will tell us so, and we will endeavor to make it right. We go on the principal that only the very best work is wanted by our many customers, and we endeavor to give them what they want. To those who have printing to be done, we ask them to give us a chance to do it. We feel sure that our prices will be found reasonable, consistent with good workmanship.

Telephone Service Always Relied On

The telephone is one of the special factors of everyday life. It needs no barrier of mountain or waterway; it is unmindful of distance; it spreads its network of communication throughout the province.

You take for granted the service the telephone gives you; what science in construction has created, and what efficiency of workers has maintained. By no doing you offer a fine tribute to the organization which has created this service.

Concert Last Night Was Well Received

Large Audience at Berquist Theatre to See "Good Luck Lamp," Mr. Bob Sloan and Other Prominent Artists

The Berquist Theatre was crowded to the doors last night when the people of Sidney and district and the Cadets were entertained by a concert under the auspices of the finance committee of St. Andrew's Church. The first item on the programme was a solo by Mrs. Wright, "The Reason," followed by Mr. A. Lee, with the "Lotus Flower." Mrs. Beale with a whistling solo, which she gave in her own inimitable manner.

Following these pleasing numbers the Sidney Dramatic Club presented "The Good Luck Lamp," which was very favorably received by the audience. The cast is as follows:

Miss Deering (a maiden lady) Mrs. Stanley Brethour.
Miss Alice Deering (her niece) Miss Edith Whiting.
Harold Deering (her nephew) Mr. A. Critchley.
Annie O'Shane (an Irish maid) Miss Patty Simister.
Bill Murphy (a roughneck) Mr. P. N. Tester.

Archie Clark (impoverished lawyer) Mr. J. Bruce Burton.
The Chairman of the evening, Rev. Mr. Storey, then introduced that well known and popular Scottish comedian, Bob Sloan, who fairly brought down the house with "Aunt Kate," and responded to an enthusiastic encore with his latest hit "M. P. P. B. C."

Miss Colbert, of Victoria, then sang "The Waters of Minnetonka" with admirable voice, receiving well-merited applause. The next number on the excellent programme was a dance by pretty little Barbara Parkes accompanied by Miss Joan Wright, who sang "Captivating Cora."

Miss McKinnon followed with "Mighty Lak a Rose," which was much enjoyed. Miss Wilkinson, the talented violinist, who has given pleasure on previous occasions, gave an excellent violin solo, which gave a great deal of pleasure to all present.

Mr. A. Lee made his second appearance of the evening, and delighted the audience with a solo, "When Irish Eyes Are Smiling," and responded to an encore with "Who Knows."

Miss McKinnon and Miss Colbert quite excelled themselves in a beautiful duet, "My Task," the applause testifying to the appreciation of the audience.

Our old favorite, Bob Sloan, gave the last number on the programme, and greatly pleased the audience with "Imagine That" and in order to satisfy the audience he gave an encore "My Garden," a composition of his own.

The result of the entertainment must be very gratifying to those responsible for making the necessary arrangements, as it proved to be one of the most enjoyable concert given here for a long time.

The Finance Committee takes this opportunity of thanking all who in any way contributed to the splendid success of the entertainment.

At the conclusion of the "Good Luck Lamp" Mrs. Stanley Brethour, who devoted considerable time in arranging the details of the concert, was presented with a beautiful bouquet of flowers.

Following the entertainment the artists were the guests at a supper given by the Girls Branch of St. Andrew's W. A.

ALBERTA MARKETS

(Market Examiner, Calgary, June 24, 1921)

CATTLE

Beef prices held steady to slightly stronger at Calgary this week, with the arrivals light and quality good on some steers. Choice steers, \$6.50 @ 7; good, \$5.50 @ 6.40; medium, \$4.50 @ 5.50; common, \$3 @ 4.50. Choice cows, \$5 @ 5.50; good, \$4.50 @ 5; medium, \$4 @ 4.50; common, \$3 @ 4; canners, \$1.50 @ 3. Choice heifers will bring up to \$6. Bulls scarce, choice, \$3.25 @ 4; others down to \$1.50. Calves a little weaker, with choice \$7 @ 9; common, \$3 @ 6. Stocker and feeder steers lower, with light ones at \$3 @ 4; feeders, \$4 @ 4.75. Stock heifers, \$3 @ 4; stock cows, \$2 @ 4.

Good packer demand and a light run at Edmonton have kept beef prices steady to higher on some of the medium steers. Choice steers, \$6 @ 7; good, \$5.50 @ 6; medium, \$4.50 @ 5.25; common, \$4 @ 4.50. Choice cows, \$5 @ 5.50; good, \$4.50 @ 5; medium, \$3.50 @ 4; common and canners, \$1.50 @ 3. Bulls unchanged, \$2.50 @ 3 for best and down to \$1. Calves a little higher, with tops \$6 @ 9; common, \$4 @ 5. Commission men advise getting grain finished cattle in before big grass run starts. Stocker and feeder steers not moving rapidly, with feeders up to \$4.75, and stockers \$3 @ 4.

HOGS

Keen demand during the week, and prices advanced until Thursday's sales were at \$12 @ 12.50. Those offered today made \$12.50. There has been a \$2 advance on hogs at Edmonton since last Thursday, with yesterday's sales at \$11.25 @ 11.50.

SHEEP

Market quiet and prices lower on lambs; now quoted \$3.25 @ 9.25; wethers, \$7 @ 8; fat ewes, \$5.50 @ 7; breeding ewes, \$3 @ 3.50. Sheep prices are also hard to determine at Edmonton owing to light movement. Lambs around \$9 @ 10; wethers, \$7 @ 8; ewes, \$5.50 @ 7.

HORSES

Still very slow market. Several loads shipped to work on irrigation ditches in Lethbridge district.

GRAIN

Prices are governed by the daily rumors regarding crop conditions on both sides of the lines; Canadian markets more conservative, but cannot ignore United States conditions. Lack of rain reported in some part of southern Alberta; general condition otherwise very satisfactory. Grasshoppers are being successfully fought and outworn damage not serious.

PRODUCE

Eggs are advanced again, with \$8 @ 8.50 quoted, less off; arrivals light. Creamery butter unchanged locally, cartons still 30c @ 35c. Eastern prices better, and if they hold situation will be improved. Cream and milk prices unchanged and supply generous. Poultry prices lower; fowl 10c @ 18c; roosters, 13c @ 14c; get non-producers sold before brook comes. Potatoes weaker and mixed lots offered country points at \$11 @ 12.

Eggs are quoted higher at Edmonton, with the general price \$8; quality fair, considering hot weather; receipts moderate and stocks going into storage. Creamery butter, 31c for cartons and 30c on prints; solids, 29 1/2c. Dairy butter weaker at 12c @ 15c. Cream shipments increasing; prices at stations 23c, 20c and 17c; 4c over at creameries. Fowl moving more freely and prices slightly lower, with fowl 16c, roosters 12c. There are few broilers coming in, weighing about 1 1/4 lbs., and are going promptly at 35c. Turkeys have been coming in quite freely, and quoted 28c. Local cheese is selling 18c @ 19c.

HAY

Very quiet, farmers getting \$13 @ 15 for upland, country points, and \$21 @ 23 on timothy; dealers have to add handling charge; no demand.

FURS

Prices unchanged, but everything steady and firm, except beaver, which looks like a drop; muskrats believed too high at 60c @ 81, but demand keeps good.

HIDES

Still very dull and no demand for cow hides, sheep pelts or horse hides. Green hides unchanged, 2c @ 3c.

WOOL

Very little movement in wool, which is still 2c @ 2 1/2c for pressed washed wools around 13c.

Annual Picnic of Beaver Point School

Everybody Enjoyed Themselves; Mr. Charles Monk Distinguished Himself at Popular Pastime; Henery and Alfred Were There

(Review Correspondent.)

BEAVER POINT, June 23.—The annual picnic of the Beaver Point school to celebrate the advent of the summer holidays was held here today. It was a splendid day and nearly everyone turned out in true holiday mood. Among those present was Grandmamma Ruckle, who brought her two young sons Henry and Alfred along. Others of the older folks who were present and joined heartily with the children in their amusements were Mr. and Mrs. Russell, Miss Alice Isherwood, Mr. and Mrs. Alfred Ruckle, Mr. and Mrs. Henry Ruckle, Mr. and Mrs. Billy Patterson, Mr. and Mrs. Leon King, Mr. and Mrs. Monk, and Mr. Charles Stewart.

A cricket match and a baseball game were among the attractions. A cricket team captained by Mr. Monk, the children's teacher, defeated one led by Leon King, to the tune of 54 runs to 33. The first innings saw Leon King's team in the fore with 24 runs to 9, but when Mr. Monk's team came to bat in the second innings the captain and George Stewart began to run up the score between them, and only quit when Stewart's bat snapped in two, one piece sailing with beautiful aim past Mrs. Stewart's head. The players were somewhat hindered in their efforts by the inclination of the ball to stay up in trees when the batsmen knocked it there.

Lloyd Reynolds and Gordon Ruckle chose up for baseball and after an interesting game the former's team won by 20 runs to 17. Much promising young talent was exhibited, and the South Salt Spring team can look forward to a new supply of recruits from here in a few years, unless the Beaver Pointers should form a club of their own. Kenneth King was excellent on the ground and among his feats he fanned his dad who is a pre-war member of the south end team. Leon King caught a foul ball in his eye and now thinks he had better retire from baseball. He says that when a catcher can't pick a hot one right off the bat he is getting too old for the game. Alas, such players are scarce these days.

There were mountains of good things to eat, and everybody did full justice to them. Mr. Charles Monk distinguished himself particularly at this sport. Mr. Hocking of Deep Cove, and four gentlemen who were traveling with him, happened along about lunch time, and were made the guests of honor. Mr. and Mrs. Tom Akerman also dropped in for a short time in their new car. Mr. Alfred Ruckle gave Mrs. Akerman his assistance in turning her car near the Beaver Point wharf when she met with some difficulty in the performance of that manoeuvre.

Everyone enjoyed themselves immensely, and when the time came to wind their weary, though happy, way homeward were agreed that they had had an outing that would be remembered for a long time.

FULFORD HARBOR, June 25.—A flower show was held yesterday in

the Mahon Hall Ganges. In the afternoon a baseball game between the Ganges team and the South Salt Spring team was part of the programme. It proved a great attraction, and even attracted a heavy shower, which turned the game into a regular farce, the ball becoming absolutely unmanageable. The game was discontinued after four innings leaving the South Salt Spring team the winners by 20 runs to 5.

The line-up was as follows:

Ganges—Dan, c; Peters, p; Chester Martin, 1b; Carl Seymoure, 2b; Joe Silvie, 3b; Webb, ss; Cyril Wagg, rf; Olie Garner, cf; and Wick Whims, lf.

Fulford—Carley, c; W. Douglas, 3b; Lou Peters, 2b; E. Lumley, cf; Angus Maxwell, 1b; Ed. Reynolds, ss; F. Downey, p; Billy Hamilton, rf; Gerald Hamilton, lf.

Some noteworthy features marked the game. Fulford had 13 men up to bat in the second and 9 of them made the circuit safely, three of them coming in on a home run knocked out by Downey. Ed. Lumley hit out six foul balls in succession. After the game Charlie Maynard gave a "hiyu muck-a-muck" to some thirty of his south end friends at his camp on Ganges Point.

South Salt Spring Notes.

Messrs. Rosemergy and Farringer are shipping their first consignment of 25,000 shingles from their new mill in a few days. The shingles are of a very excellent No. 1 quality.

FULFORD HARBOR, June 27.—

The Sunday excursion of the Island Princess will be run in future to Fulford Harbor and to Mayne Island on alternate weeks instead of to Ganges Harbor as formerly. The residents here are exerting themselves to provide the attractions necessary to make these outings popular. The boating and bathing facilities are being considerably augmented, and a baseball or football game will divert those who are interested in sports, while the shady roads will tempt many to follow them through the beautiful scenery surrounding the bay. Refreshments will be on hand at tea gardens, overlooking Fulford's picturesque waterfront. All who come here are sure to carry away with them delightful memories of our beautiful Island.

The Review is offering prizes for the best description of the Agricultural Fair to be held on Sept. 14. Any boy or girl sixteen years or under, in the following districts is eligible to compete: North Salt Spring, South Salt Spring, Cranberry Marsh, Galiano, Mayne, Pender and Moresby Islands. It will be left to the discretion of the competitor as to length the write-up will be. Competitors are to hand their "copy" to Mr. E. Sireaton, secretary of the Agricultural society, not later than Sept. 30. The prizes offered are: First prize, \$200; second prize, \$100.

A committee of Salt Spring Island residents will be the judges. After judging the papers, all copies will be sent to the Review, and many of them will be published in the Review.

LAST CARD PARTY OF SEASON

Successful Military Five Hundred by the West Saanich Women's Institute.

(Review Correspondent.)

WEST SAANICH, June 28.—The military five hundred held under the auspices of the West Saanich Women's Institute last Wednesday evening in their rooms, Sluggs Station, was well attended and proved to be a very enjoyable affair. Miss Violet Petch, of Victoria, sang several popular songs during the evening, which was much enjoyed by all present. The winners of the first prize were Miss G. Lindsay and Miss J. Anderson, Mr. Guy and Mr. Betts. Consolation, Miss Hawkins, D. Prescott, L. Hagan and H. Standley. The special prize offered for the highest score for the season, donated by Mr. W. O. Wallace, was won by Miss Mabel Freeland and Mr. A. Sarup. This tournament completed the series for this season. Another will be commenced in September.

The members of the Institute are busy making final arrangements for their Flower Show which will be held in the Institute rooms, Sluggs Station, on Wednesday, July 6. There will be a garden fete as well in the grounds. The Department of Health has been requested to put on an exhibition of "Health and Child Welfare." Afternoon tea will be served and there will be various stalls with all kinds of good things for sale. Exhibitors will be charged 25 cents, and can place any number of entries. Any person in South Saanich will be eligible to compete. There will be first and second prizes given. The Institute will also hold their annual picnic on Wednesday, Aug. 3.

AWARDED PRIZES

Miss Amy Forneri was awarded prizes in French and Nature Study in the Seton College examinations which concluded yesterday. She also passed successfully on all other subjects.

West Saanich Scholars and Parents Have a Merry Time; Many Keen Contests in the Various Events

(Review Correspondent.)

WEST SAANICH, June 28.—The Sluggett Bros. have kindly donated a handsome silver cup to be competed for at the J. B. A. A. regatta at Brentwood on July 1.

Mrs. G. H. Sluggett expects to entertain about forty guests at her summer home on Friday afternoon, and Mrs. F. Sluggett will probably be hostess to as many more, while Mrs. Hinsley is giving a picnic for the boys who attend her Sunday School class. All these events and many more will take place in the immediate vicinity of Brentwood on July 1, and the regatta which is being held that day will be an added attraction. Most of the young people are planning to attend the dance which takes place at the Brentwood Hotel in the evening.

There will be a dance in the West Saanich Hall on Thursday evening, June 30, commencing at 8.30 o'clock.

On Tuesday afternoon Mr. John Chipperfield, of the steamship Princess Royal, paid a visit to the home of his brother, Mr. Jos. Chipperfield, Brentwood Road.

Miss Winnie Parsell was a visitor at the home of Mr. and Mrs. W. A. Pitzer, Fairfield Road, Victoria, for a couple of days during the past week.

week's holiday at her home on Brentwood Road.

Mr. A. Evans, son-in-law of Mr. J. W. Thomson, returned home from the hospital on Sunday. His many friends will be pleased to learn of his recovery.

Miss Thelma Pitzer and Miss Winnie Near were among the pupils of Mr. and Mrs. E. Semple, who took part in the recital which took place on Thursday evening at Fletcher's Music House, Victoria. Miss Near has made remarkable progress in the study of music during the past three years, covering work which usually requires a much longer period. Both students are well known here and their many friends will be interested in their success.

Mrs. Vance and daughter, of Seattle, arrived at the home of Mr. and Mrs. J. Stewart on Sunday and spent the day there.

Mr. and Mrs. J. Stewart, of Saanichton, entertained a party of friends on Monday evening and a most enjoyable time was spent. Mrs. R. W. Sluggett, Mrs. Almond, Mr. Summer-ville and Mr. Stewart each contributed several vocal solos. These were interspersed by choruses and recitations which occupied the time until the midnight hour when the hostess, assisted by some of the ladies, served a delicious buffet supper. Those present included Mr. and Mrs. Almond, of Saanichton, Mr. and Mrs. R. W. Sluggett, Mr. and Mrs. J. W. Sluggett, Mrs. F. Sluggett, Mr. and Mrs. Parsell, Miss Hamilton, Mr. Gray, Mr. Stoddart and Mr. Sommer-ville.

The school closing at West Saanich public school took the form of a sports day, and in spite of a few light showers there was a large gathering of parents and friends present to witness the various events carried out under the able leadership of Mr. Sanders, principal, and Miss J. Anderson, junior teacher.

A widely varied nature and gave each and every one a chance to participate. The many little children made a pretty picture in their light summer frocks and particularly was this noticeable in the girls' skipping race, when a dozen or more girls performed this graceful exercise without a mistake being made. The prizes were well chosen and gave much pleasure to the recipients as a memento of a happy occasion. Mr. Hallbright was present and gave a short talk in which he urged more children to enter the next contest, and cited the value of knowledge gained in this line of work, which promises to become more popular as time goes on, on account of adaptability of the climate for the purpose of producing good seeds.

The sports programme was as follows:

75-Yard Dash
Girls under 6—1, Doris Lefaux; 2, Dorothy Sluggett.

Girls 6 to 8—1, Lillian Walker; 2, Hillary Caravan.

Boys 6 to 8—1, John Barlow; 2, Wilfred Lefaux.

Around the Camp

GET THE POINT?

One small Cadet said that the guy
who took the "T" out of "Train"
couldn't fight. Look out below!

WHAT DID THEY MEAN?

Two Cadets were accosted by our
reporter the other day and asked
how they liked the Sidney camp.
One of them replied "We'd get into
trouble for that."

AFRAID OF THE ALARM.

First Cadet, on street corner—
"Wonder why that chicken crossed
the road?"

Second Cadet—"To see if you were
sport enough to follow her."

First Cadet—"Why weren't you a
sport?"

Second Cadet—"Oh, the clocks in
her stockings were too fast."

HE WAS RIGHT, AT THAT.

While making an inspection the
other day, the orderly officer, ac-
companied by the Sergeant-Major,
discovered one of the Cadets minus a
belt.

"Have you no belt?" said the O. O.

"No," replied the Cadet.

"No what?" butted in the S-M., in
his terribest voice.

"No belt," came back the ready re-
sponse.

THEN THERE WAS TROUBLE.

There is a rumor that one of the
Cadets on guard for the first time
pulled the following stunt.

The Sergeant warned him to be on
the look-out for the Colonel and to
remind him of his duty had repeatedly
asked him if he'd seen the old
man yet. When the Colonel at last
approached the camp the youngster
looked him over and asked him if
he was the Colonel. "Yes," replied
the officer. "Then you'd better beat
it quick," said the little soldier.

"The Sergeant has been looking for
you all day, and he's sore as a boil!"

What about that box of stationery
you received at Christmas time?
Why not bring it to the Review and
have it initialed in either silver or
gold.
